

# 1545 media a media production company

1545 Media is a full-service video production and multimedia company based in Pasadena, CA, founded by industry professionals with wide-ranging experience in producing television for major networks. Our goal is to provide cost-effective media solutions for businesses, non-profits, and educational institutions. 1545 Media has become the go to company for people who have a message to deliver or an important event to produce.

Our services include:

## VIDEO PRODUCTION

Video production is a powerful tool for businesses and non-profits to create awareness for a campaign or to help fundraise for an event. 1545 Media prides itself in providing a customized service tailored specifically to each of our client's needs.

Our video department can create write and shoot your video, produce your live event, or create promotional materials for your organization. Through the use of video and graphics, we'll create a compelling visual presentation that you can use to convey your message to any audience.

## WEBSITE AND GRAPHIC DESIGN

1545 Media can build an entire website from scratch or update your existing one. We provide Search Engine Optimization and are fully capable of incorporating many multimedia services to make your home on the web detailed and immersive. 1545 Media has the highest standards for our coding: our sites are W3C validated and are fully compatible in any web browser.

We also provide graphic design services ranging from a simple cover for a case to an interactive DVD menu or high resolution posters to advertise your product. No matter what the size of the project we have solution to fit your needs. 1545 Media will provide your organization the ability to take advantage of the newest media solutions.

## LIVE EVENTS

When planning a live event, let our production management team handle the design and coordination of your project. 1545 Media offers audio, video, and lighting services for any job. From small sound systems for a private party, to image magnification systems for large conventions, our team has the expertise to make your event a success.
